

How to Run the Cryptocurrency Dashboard

Requirements

- Python 3.9 or newer
- pip

Installation

Install all dependencies:

```
pip install -r requirements.txt
```

Run the Application

From the project folder, run:

```
streamlit run app.py
```

(Replace app.py if the main file has a different name.)

Access

Open a browser at: <http://localhost:8501>

Notes

- No compilation is required.
- The app reloads automatically when files are saved.
- Stop the app with CTRL + C.
